

MANAGED WEB DESIGN

One of the keys to any successful business is a strong, well-designed company website. Windstream provides managed Web Design services for customers who need an online presence for their businesses but who don't have the time to build and maintain it themselves. Whether it's a simple site or a more complex online store, our professional consultants help assess your business needs and create a fully functional website that best serves your customers. Windstream provides the complete services you need in order to stay competitive in today's digital world.

FEATURES

- Consultation with our team to understand your business and your business's needs.
- Options ranging from basic store sites to more robust eCommerce enabled sites.
- On staff copywriters, designers, and developers to get your site up and running.
- On-going maintenance and support for your site to keep content relevant and fresh.
- Ability for you to edit and create additional pages as needed.
- Various design packages to meet your business needs.

BENEFITS

- Professionally developed web presence for your business.
- Enable customers to purchase products or services 24/7 with online eCommerce.
- Design, copy, and development assistance and maintenance.
- Developed as a responsive design for desktop, tablet and mobile devices.
